The Highlander

PUBLISHED BY THE SENIOR CLASS

HIGHLAND PARK HIGH SCHOOL

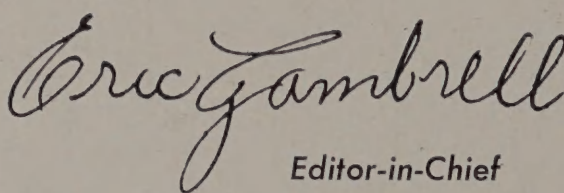

DALLAS, TEXAS

1949

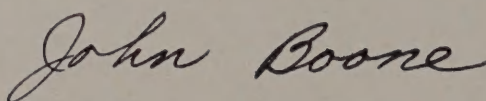

Foreword

"Do unto others as you would have others do unto you." We all accept the truth of these words, but do we really live them? Do we really accept others as brothers? Maybe the reason for all the current misery in this old world is people like you and me—just plain, average people the world over, who hate and fear the same plain, average people on the other side of the globe. On these pages we've tried to bring a few of those people just like us to Highland Park to show that underneath the color of their skin, the shape of their faces, and how they talk, those folks might bear a pretty strong resemblance to you and me.

Dedication

To that quietly genial, unassuming teacher, coach, and gentleman, Ralph Binnion, the Senior Class dedicates the 1949 Highlander. As Doc Pate, a close friend, said, "He's tops in every way." We think so, too.

ORGANIZATIONS

The Student Council office, bulging at the seams with Miss Smith, James Baker, Bill Steel, Kay Tutt, Rogge Marsh, Bob Showen, Mary Ann Hein, Miss James, and Tyke McFarland.

A big day — the first Student Activity Card is sold by Kay and Bob to Virginia Boberg.

The camera catches Ed Moore and Winnie Shelton at the fall Get-Acquainted Dance.

The Student Council

The Student Council is the governing body of Highland Park High School whose members are elected each semester by the students. Activities of this busy organization include sponsoring the Clan, the student directory which no one could do without, the Junior-Senior Prom, the dance honoring graduating seniors, all the football dances, and the spring elections. Besides all this it backs such drives as Care and Red Cross, and this past year it sponsored the Student Activity Cards.

Each year delegates are sent to the Southern Association of Student Government Convention wherever it is held. This last year they went to Mobile, Alabama. Delegates are also sent to the Texas Association of Student Government Convention which was held this past year at El Paso. All these activities are under the able leadership of Miss Louise James and Miss Merle Smith, the sponsors.

National Honor Society

The National Honor Society is regarded by many as the highest goal of accomplishment for high school students. To be eligible for this honor, a student must have a high scholastic average, and be outstanding in service, leadership, and character. No more than three percent of the 3A class, seven percent of the 4B class, and fifteen percent of the 4A class can be elected each semester by the faculty.

Duties of the members include keeping the activity cards of all Highland Park students up-to-date. Members get to serve as ushers at all senior activities, and at special assemblies.

This organization gives the "H" Blanket Award to the boy and girl graduate of each graduating class receiving the highest achievement scores for their high school years.

Hi-Lites

Each semester the Hi-Lites greet the new 28's and transfers and make them feel at home in one of the largest clubs at Hi Park. This is the main job of the Friendship Committee. All the dances and parties are planned by the Social Committee, while the Program Committee has charge of the programs for each Tuesday's meeting. The Bulletin Board Committee keeps the girls informed of the activities of the club by putting posters on the Hi-Lite bulletin board.

But the Hi-Lites is not a strictly social club. The Welfare Committee has charge of sending several girls to Mexican missions each Saturday and sponsoring a rural school through the Save the Children Federation, while the Red Cross Committee sponsors such projects as sending boxes overseas, giving food to the underprivileged, and entertaining the veterans. A record is kept by the Ex-Students Committee of every girl who graduates from Hi Park. This active club is sponsored by Miss Grace Wilson with Miss Carrie Inmon as advisor.

Now, here are the "Wheels" of our Hi-Y: Mr. Ledbetter and Mr. Ruddell, sponsors; Rogge Marsh, First Vice-President; Jack Ehrhardt, Second Vice-President; Wendell Brady, Third Vice-President; Ed Speer, President; Bill Farrell, Fourth Vice-President; Malcolm Bowers, First Vice-President Junior Hi-Y; Eric Gambrell, delegate; Jimmy Purse, Third Vice-President Junior Hi-Y; Merion Reynolds, Second Vice-President Junior Hi-Y; Buddy Baird, delegate.

Buddy and Eric, delegates to the Model Legislature in Austin, discuss weighty matters of government.

Hi-Y

We're pretty proud of having the largest Hi-Y in the world here. We get together once a week for a carefully planned program of character building. Then every year we send two delegates to the model legislature in Austin, where they run the state government for a day. Each semester we have a big argument over what and where the social event is going to be. You can usually count on its being a formal dance with music by Jerry Fullinwider. This year the club got a little too big and a little too enthusiastic, so we now have two small groups, a junior chapter and a senior chapter, each carrying on the same welfare work.

Billy Farrell, Olin Lancaster, and Pat Walker, Hi-Lites chairmen, put the finishing touches to the bundles of clothing collected for the underprivileged.

Stanley, Mary Clair, Harold, Gloria, Charlotte, Miles, and Carolyn are impressed as Wayne lights the candle of truth.

Initiates Hal, John, Mary Ann, Kitty, Hobert, and Melbert take the oath.

Harold concludes the ceremony at Charlotte, Miles, Carolyn, and Hal look on.

Quill and Scroll

When a Highlander Clansman belongs to the Quill and Scroll, he is a part of an international honorary society for high school journalists, which has as its objective the promotion of better journalism. The requirements for admission into this society, organized at Hi Park in 1937, are to maintain a high scholastic average, be at least a junior, and have done outstanding work on either The Bagpipe or The Highlander staffs. Also he must be recommended by the sponsor of the publication on which he worked and must be voted upon by the members.

The Round Table

The Round Table is a discussion club that meets once a week. It is open to any student in Hi Park who is interested in informal discussion concerning current problems. A leader is selected for each meeting, and a list of references is posted so that each member can read up on the subject. During the discussion a definite outline is followed. Members try to lay aside local prejudices and see the topic from both sides. After the problem is discussed, the possible solutions are presented, and the best one is selected and tested. Members learn about present happenings and get a better understanding of world, social, and literary problems. They learn how to express themselves, how to put over their ideas, and how to respect the ideas of others. Above all, emphasis is placed on open-mindedness.

Miss Dial, among her flock of aspiring artists, gives a few pointers.

Artist Duer and fellow craftsmen.

Art Club

Students who are interested in creative work will find much to interest them in the Art Club, which meets each Tuesday afternoon in the Art room. There one may see anything from abstract drawings to doodling, from clay modeling to mobile sculpture. Under the direction of Miss Dial, the members use their talents in making posters, arranging displays, decorating for school events, and designing stage sets, including the Queen's Court, for the Music Festival. Each semester, in addition to a good time at the regular meetings, members enjoy a club party and picnic. A distinctive contribution to the art department is their choice collection of lithographs and etchings to which they add two prints each year.

Travel Club

Have you ever wondered what people your age are like and what they do in other countries? In 1937 Mrs. I. O. Miller decided that Highland Park should have a club of people interested in other countries. Ever since the Travel Club has grown in popularity.

If you join the club (anyone interested in travel is welcome) you will come to monthly meetings to hear speakers and to see foreign movies. In between times you can take part in two very worth while projects: entertaining the patients of the Lisbon Veterans Hospital and helping at the Light House for the Blind. Not only that, but you will take time out once a year for a big party.

Junior Historical Society

Ample proof of Scots' interest in their state is found in the Junior Historical Society. The society, sponsored by Mrs. I. O. Miller, is now a member of the Texas Historical Society, and an affiliate of the Dallas Historical Society. A number of interesting essays on Texas subjects were entered by club members in a contest sponsored by the *Junior Historian*, magazine of the state Historical Society.

Help at the Lighthouse for the Blind was featured as the club's welfare work this year. On the social calendar were a Christmas party for the blind workers and, in collaboration with the Travel Club, a party for the veterans at Lisbon Hospital.

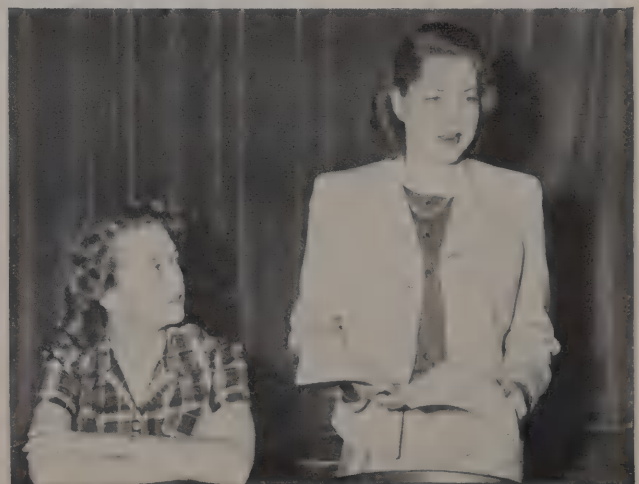

Programs on Texas and Texas History took the spotlight at club meetings, with special speakers adding even more to the historians' knowledge of their Texas.

As its first appearance this year, the orchestra gave a concert in honor of 2B's to introduce all new students into the Scottie clan. Throughout the year the orchestra gave several concerts at the grade schools and Junior Hi, along with radio shows, Dad's Club performances, a Christmas assembly, an Easter assembly, and music for the Religious Focus week. The orchestra gave full support accompanying the brilliant and colorful production of the operetta, "The Mikado." The annual instrumental solo contest came in December, when a visiting judge rendered his verdict on the solo abilities of each orchestra member.

A large group from the orchestra attended the Texas Music Educators Association conference held in Galveston in February. A hilarious and profitable time was enjoyed by all. Outstanding honors were awarded to many of the students, who tried out for the all-state Orchestra. Many good times—the annual barbecue and the banquet by the Orchestra Mothers' Club—were enjoyed along with the hard work.

The Lads and Lassies

These are the Scottie Lads and Lassies. Maybe you knew them last year as the Acapella Choir. This organization of seventy musical boys and girls is relatively new among the music groups of Highland Park; however, its calendar was kept full during the entire year.

Perhaps the biggest project of the Lads and Lassies was the familiar Gilbert and Sullivan operetta, "The Mikado," directed by Mr. Boehr; assisted by Misses Pope, Steed, and Simmons.

Other programs were presented at civic clubs, commencement services, and assembly programs at our own and other schools, not only that but these busy songbirds gave a Christmas program at Commerce, Texas, as guests of the East Texas Teachers College. Our choir acted as hosts to the visiting choirs at the Highlander Music Festival, held every spring.

Latin Club

If you are third or fourth-year Cicero or Virgil student of Miss Myrtille Bradfield or Miss Hilda Masters, you are eligible for membership in the Latin Club. The two classes alternate in presenting the programs which are given the first and fourth Mondays of each six weeks. These programs, although extra-curricular, are based on the current class work.

In this, the fourth annual Music Festival, Highland Park entertained 3,500 boys and girls from 42 schools in Texas, Arkansas, and Oklahoma. All these people came here to have their musical talents appraised by a distinguished group of critics. The Festival is a pretty popular event with the Scotties, too, especially when they hear about that Friday holiday to enjoy it. Although things get kind of frantic the week before when the Student Council still needs places for several hundred people to stay, the Art Department is having trouble with the decorations, the Choir misses rehearsals, and the Orchestra strikes sour notes, the popularity of the Festival is proved beyond doubt by the fact that we keep having one every year.

MEET THE COACHES

Coaches Herman Morgan, Ernest Kennedy, Lendon Davis, and Cotton Franklin started from scratch in the 1948 football season to mold a team, whose record is now history. With only one returning starter these men built a team which won the District 6AA title for the ninth consecutive year. Although plagued by injuries throughout the season, the staff rarely complained but merely worked that much harder to produce a winning team. For a great job, coaches, we salute you.

FOOTBALL

TOP ROW: Mount takes out with a Jarvis aerial against the Coyotes. Jaynes does the dirty work for Crisler. Ehrhardt gets ten more against Tech.
MIDDLE ROW: Cap Jack sights the goalposts with plenty of protection around him. Madman Muntz Ehrhardt charges on!
BOTTOM ROW: Heath, Crawford, and Lacy pounce on a Buckaroo. Hemenway and Lacy match strides with a Buckaroo turned jackrabbit.

Highland Park over Woodrow, 12-7

The 1948 edition of the fighting Scots began their season in the traditional Highlander manner by downing Woodrow Wilson 12-7. The game was close all of the way with the Scots drawing first blood on an eighty-five-yard punt return by Porter Hemenway. As the Wildcats managed to push over a tally early in the third quarter, the Scots came back fighting to sew up the game with a pass from Wendell Bray to Bill Crisler in the end zone. Jack Archibald and Ed Speer turned in sparkling defensive performances for the victors.

Revenge is sweet; Scots edge Paschal

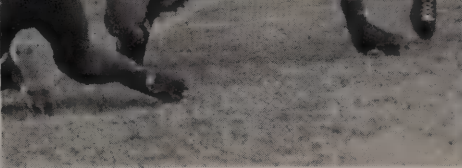

Featuring a 35-yard pass from Bray to Bernet, the Highlanders nipped the Paschal Panthers 7 to 6. After Crisler had scored on a seven-yard toss from Bray, Bernet made a spectacular extra point catch of a forward to give the Avalanche the second victory of the season. The Scot line, paced by Alva Shepard and Ed Heath, played heads up defensive ball to stop the powerful Paschal running attack.

The Avalanche nips Sherman, 6-0

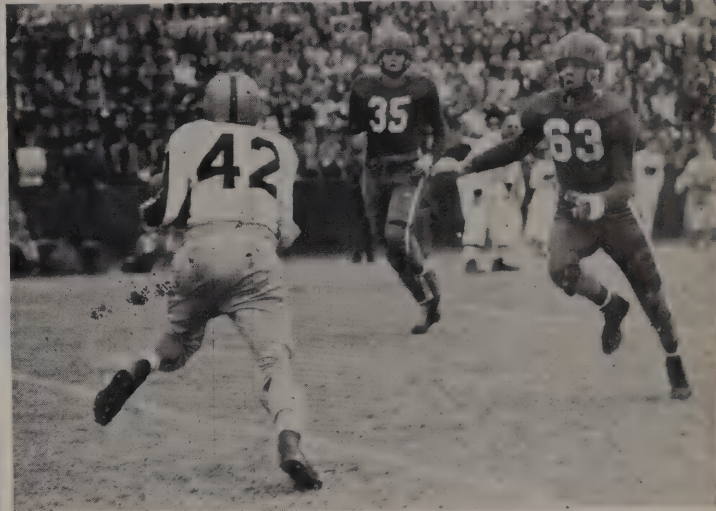

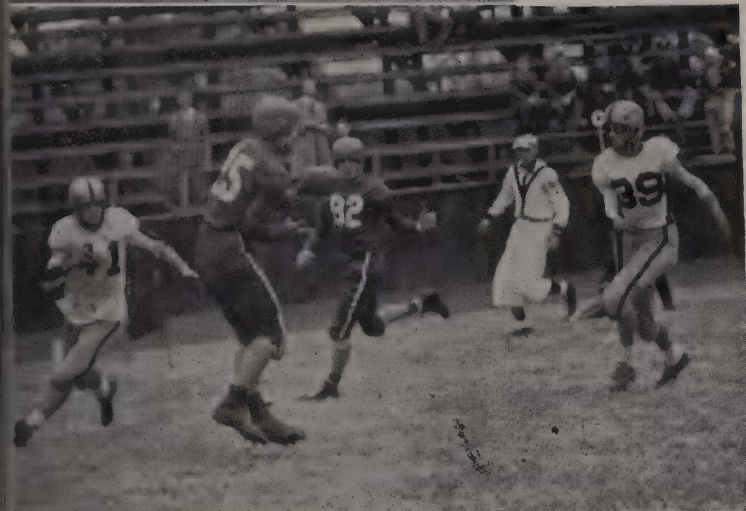

An 11-yard pass play with 39 seconds left in the first half gave the Golden Avalanche a 6 to 0 victory over the stubborn Sherman Bearcats. The pass from Wendell Bray to Tommy Morris climaxed a 60-yard Scot drive, which featured the power running of Jack Ehrhardt. The inconsistent Sherman running attack was completely stifled by Highland Park with Richard Saunders chipping in with jarring tackles at crucial stages.

'Nuf Said — Waco

You can't win them all! Playing on equal terms for three quarters, the Scots were overwhelmed by the vicious blocking, hard-running Waco Tigers, 27-7. The Highlanders flashed a sensational aerial game to jump into a 7-6 lead, which they refused to relinquish until the fourth quarter. The Tigers unleashed a crushing ground attack in the final period to gain victory. Starting their first high school game, George Hurt and Dale Mount bulwarked the Scot defense.

FOOTBALL

TOP ROW: Cris makes five precious yards against Brackenridge. Just once more around, fellows, then Moe wants to cut in. Archie arrives on the scene too late to save Hemenway a spill against Tech.

MIDDLE ROW: Crisler going all the way again. Kneel, Bronco, it's King Jaynes.

BOTTOM ROW: Nail him, Cris, come on, Bowers. This is going to hurt, Moe.

Blue and Gold dump Tech Wolves, 31-0

Rebounding with a flashy offense, the Highlanders buried the Crozier Tech Wolves under a pile of 31 points. Porter Hemenway started the touchdown parade with a 73-yard dash to pay dirt on the first play from scrimmage. Additional scores were made by Ehrhardt, Allan Crawford, and Doug Coffin. Reserves Ed Moore, Perry McPherson, and Ed Genecov also turned in fine performances.

Highlanders drop 26-12 decision to Wichita Falls

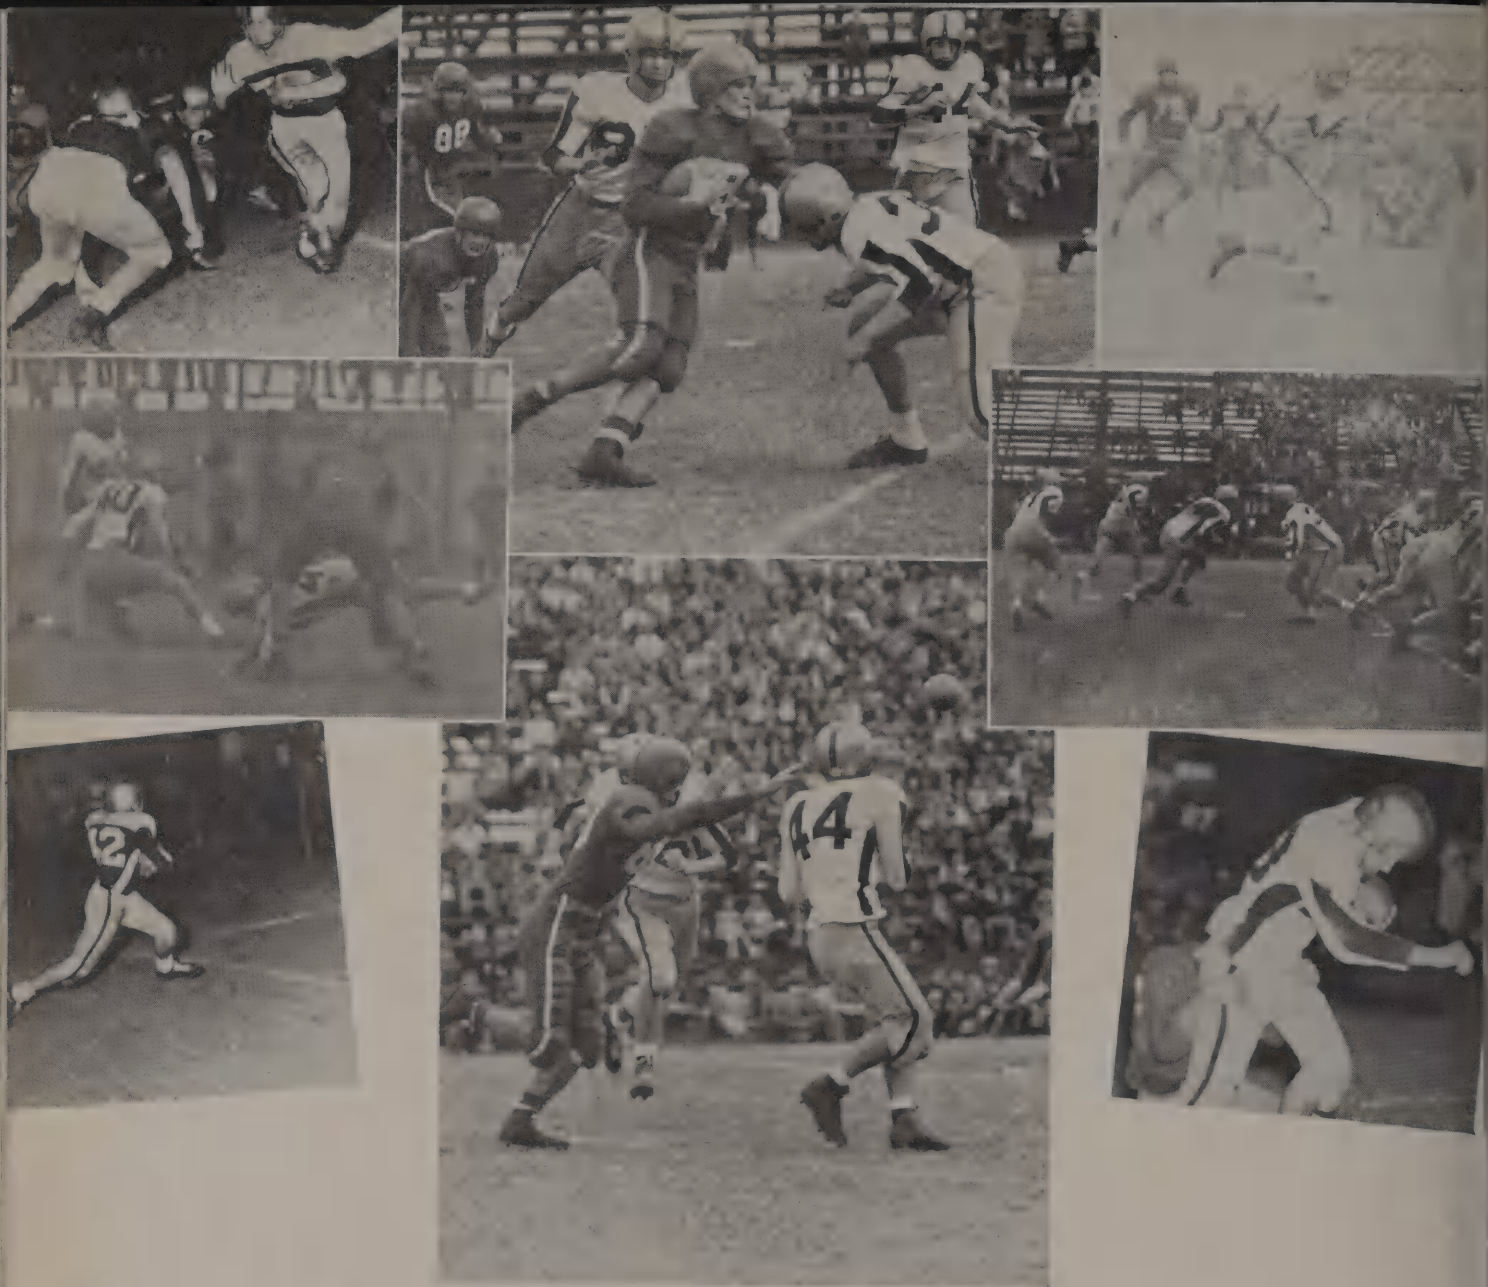

Despite a spirited second-half comeback, the boys in blue and gold dropped a bitterly fought 26-12 decision to the Wichita Falls Coyotes. Jack Archibald, who played a terrific game, highlighted the Scot cause in the first quarter with a 70-yard gallop to pay dirt after intercepting a Coyote pass. Spearheaded by Jarvis, the Avalanche scored on a 42-yard screen pass to Ehrhardt, but they were unable to stop the crushing Coyote attack.

Avalanche wallops the Gophers, 26-6

In defense of District 6-AA crown the Highlanders dumped the Grand Prairie Gophers 26-6. The Scots displayed a varied attack in their four long touchdown drives. Bill Crisler led the offensive on the ground while dependable Don Jarvis passed to Bowers and Mount for T.D.'s. The line was anchored by Speer and Archibald.

Scots squeeze past McKinney, 7-0

It was close! The Scots unleashed a potent air attack with Jarvis's cannon-ball passes spelling the margin between victory and defeat. Crisler made several magnificent catches when the chips were down to pave the way for the lone Scot tally, which was made in the fading minutes of the fourth quarter. The payoff came on a fourth down pass from Crisler to Mount in the end zone.

TOP ROW: Madman Muntz marches again. The squeeze play by Lacy and Bowers. The irresistible force meets the immovable object.
MIDDLE ROW: Wendy just comes in to hold the ball in his first appearance after Tech. What you miss from the stands—a play developing.
BOTTOM ROW: Moe comes through with the tally that beat Sherman. Speer thunders up in the background to save unsuspecting Ehrhardt. A little extra baggage never stopped Bra.

Sulphur Springs fails, 33-13

The Golden Avalanche made it three in a row by subduing the Sulphur Springs Wildcats 33-13. Hemenway, Jaynes, Mount, and Ehrhardt accounted for T.D.'s in each quarter. Allan Crawford's running and Woodruff's punting also highlighted the afternoon.

Scots clinch title; Beat Denton, 46-14

Their ninth consecutive 6-AA crown was made as the Scots crushed their rivals, 46-14. The Blue and Gold flashed a jarring ground game, which saw Crisler, Hemenway, Jaynes, and Ehrhardt tally on power

plays. Malcolm Bowers's payoff passes to Dick Bernet, Allan Crawford, and Tom Jaynes balanced the ground attack. The entire Scot line played a magnificent game.

Golden Avalanche loses to Breckenridge, 35-7

Power-laden Breckenridge Bucs blasted the Scots out of the Class AA state race by a score of 35-7. The Highlanders were unable to get their famed offense moving until the fourth quarter when Crisler passed to Hurt, who made a beautiful catch for the lone Scot tally. Bill Crawford and Tammy Morris were pillars of rock on defense for the Highlanders, who went down fighting.

BASKETBALL

QUARTERFINALISTS

Highland Park's high-stepping basketball five under the able direction of Mr. Ralph Binnion emerged from the AA high school basketball chase with the rank of quarter-finalists. The team played a total of twenty-three games this year, winning seventeen and losing six, for a season percentage of .739. Hi Park lost only one game in district competition this year as the Scots walked away with the district championship. The blue and gold team won two games straight from Bonham for the bi-district championship. The 1949 hardwood team was finally eliminated from the state race in the quarter-finals by a redhot high-scoring team from Lubbock.

Thanks are due Coach Binnion and his boys for a successful season. The fine team spirit exhibited at all times and the brand of sportsmanship used throughout the season has been an inspiration to the entire school.

Graduating seniors who will be sorely missed from next year's team are Co-Captains Sammy Vilches and James Baker, Billy Lynch, and Billy Farrell.

Third Row: Manager David Pfeiffer, Frank Barbosa, Nesom Burt.

SWIMMING

Fonse Ragland is fast developing into one of the state's fastest high school breast stroke swimmers. A mainstay in free style competition for the team last year, Fonse was changed to a breast stroke swimmer in the fall. His development and improvement has been phenomenal and the Highland Park Medley Relay with Fonse swimming the breast stroke leg should be the class of the Interscholastic League.

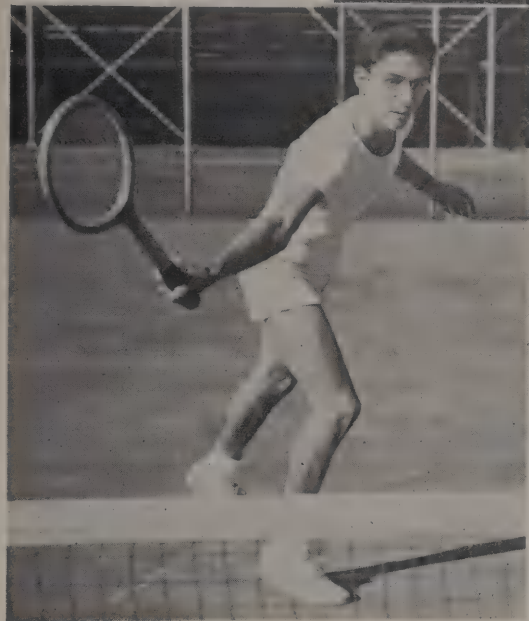

Leslie Beddoes, 15-year-old backstroke sensation, is regarded as one of the finest high school backstroke prospects for national honors to develop locally in more than a decade. A letter winner as a freshman, Beddoes already this season has placed in the runner-up spot in the fastest swim league in which the Scots compete, the Southwestern A.A.U. Senior Men's Championships. He placed second to the Southwest Conference champion Bob Cone of Texas U. in the 150-yard backstroke event.

ATHLETES

GIRLS' SPORTS

Mrs. Berry and Miss Watson prepare for the volleyball season.

Girls' Sports

Girls' gym! The maker of future Babe Didricksons—the bane of our existence but, (really), a place of joy forever—where the payoff is greatest if we mix sweat-making exercise with abundant exercise of that thing we're supposed to have between our ears (Mrs. Berry and Miss Watson do doubt think most of us have a vacuum there)—that transformer of cotton bale chassis into challengers of Venus de Milo—where champions are made.

If we should walk in on the beginning of any one of the five classes a day, we would see six to eight blue-spotted lines. The blue spots are the girls in their favorite costume, the gym suit. After the process of calling roll, two teams trot gayly out to play speedball. Speedball is a good game in which to get blue legs and sore muscles. The object is to kick a ball past many legs and bodies and between the goal posts. When you learn how to keep your own feet, and keep the other fellow from fouling up your anatomy, it is a good and thrilling game. During this battle outside we shall find more battles going on inside. The lucky teams that stay indoors play tennequoit. Every girl is proud of herself when she is skilled enough to catch the little round rubber ring and return it with a spinning twist that makes it impossible for one of the other team to catch.

After these two exciting games, we slow down a bit for posture and conditioning exercises. Then for days the girls can be seen limping through the halls as if they have rheumatism. Through the deep knee bend to the swan the girls manage to stay pretty well together. We appreciate this training because it shows us how to be graceful and most of us need instructions for standing up straight.

Faster than a speeding bullet! More powerful than a locomotive! It's not Superman, but the girls playing the all-time favorite, basketball. Each girl not only is able to play this wonderful game, but also has her turn to referee, umpire, and keep score. We usually have a few days before starting our class tournament to practice different kinds of shots and re-learn the rules of the game. At the end of each tournament each team from each class elects its best player to be an all-star. From each class a team of all-stars play the other classes' all-stars. At the same time the class-winners are playing the other

class-winners. When these games are over the winning all-star team and the winning class team play to determine the overall champion.

Now with delight and a new start on life we usher in the spring term. With the spring term comes volleyball. This is to set the ball up, that is, for a person in the back to hit the ball up to a girl in front so she can knock it over in such a manner that the other team cannot return the ball. Most of the girls are crazy about this game and hate to see the date roll around when it is time to do something else.

There's a wreck! Is someone hurt? If a Hi Park girl is on hand she'll know what to do for the victims. For several weeks we have very helpful instruction on what to do for those injured in accidents. Of course this includes the care of emergencies at home and school.

It's not just imaginary music that comes along with spring fever, but actual melodies floating from the gym during the time we learn how to folk-dance. Not only do we learn that familiar do-si-do, but dances from many countries. This is the third year that our lassies have had the chance to learn these dances that are tops in fun.

Strike three! You're out! Oh, how we loathe to hear that. But we do like the game of softball. It's wonderful to be out-of-doors and to soak in that wonderful Texas sun. Of course, it's pretty hot, but we like to get out and run around the bases and chase the ball. This also gives us a chance to lose some of that pale look we've had since last fall. Along with softball comes badminton. This not only requires trying to hit the birdie while it is in the air but also trying to knock the birdie down from the rafter when we have overdone our strength and sent it there.

If you think this is all the girls do you are sadly mistaken. For those extra energetic lassies there are Intramurals. These are divided into Monday-Wednesday and Tuesday-Thursday leagues. The winners from the two leagues play each other to determine the final champions. For these girls the theme seems to be eat, play, and be merry.

To our good friends, Mrs. Elsie Berry and Miss Gynne Watson, goes our gratitude for their patience, their energetic leadership, and their having made possible a year both profitable and pleasant. And in the good old Hi Park lingo, "Thanks, heaps!"

It's the girls' gym during "a sit-up trunk twist."

They're not being pixies, it's only the

Graceful, yes, it's "arm circling".

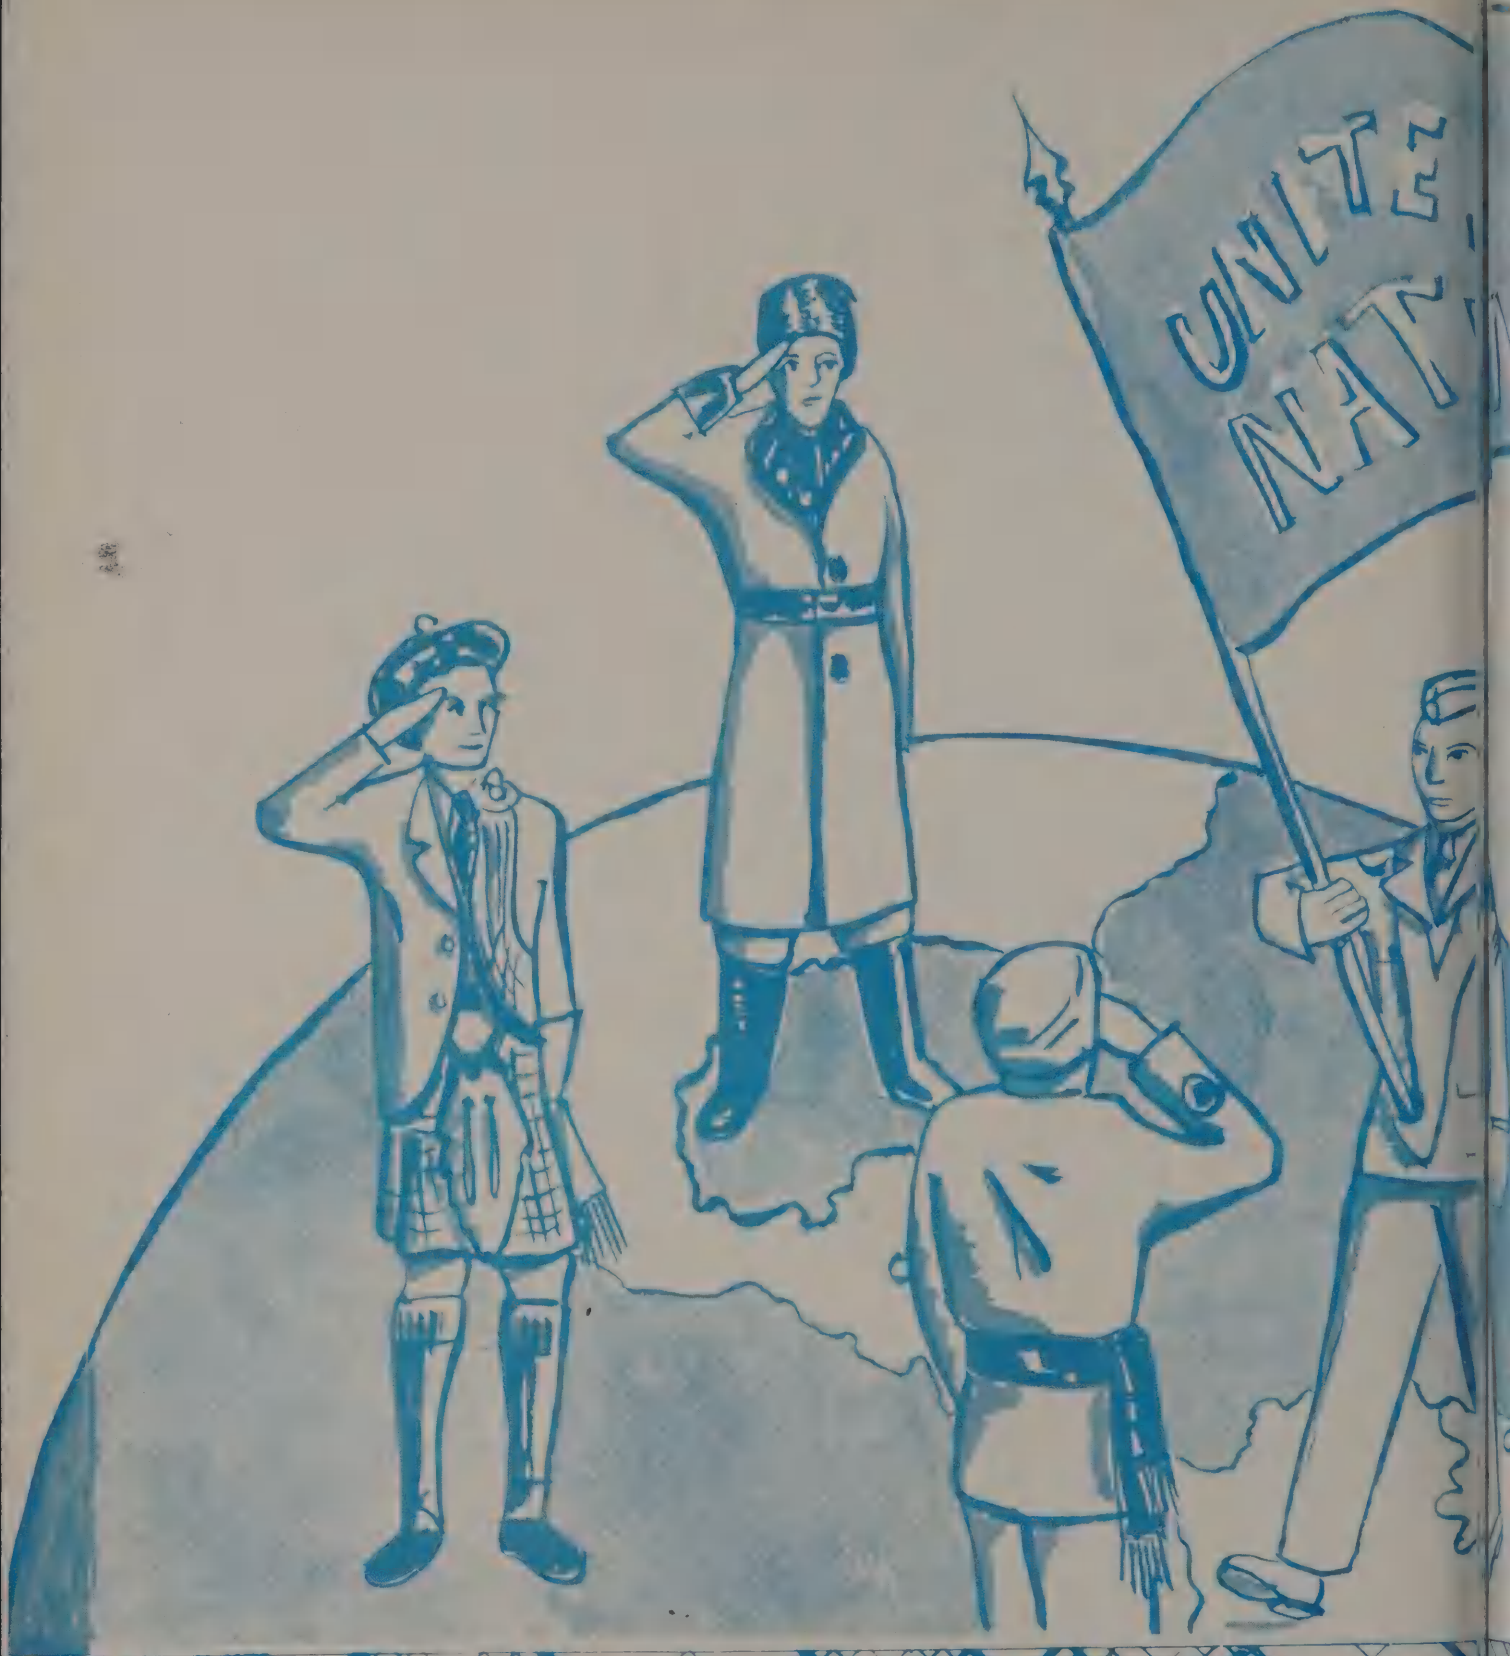

Now they're "side bobbing".

Sway-backed? Try the "arm fling" sometime.

Reserve Officers Training Corps

The R.O.T.C. unit at Highland Park High School is, for the record, a junior unit of the 4523rd ASU ROTC commanded by Lt. Col. R. L. Moses, PMS&T of Dallas and Highland Park High Schools. But to the boys at Hi Park it is a chance to show others and themselves that they are leaders, a chance to show that they can follow leadership as well as lead a group, a chance to learn many valuable subjects which are not offered in a regular high school curriculum, but which are of great importance during this day of college R.O.T.C. since the three years of junior gives the boy credit for one year of senior college R.O.T.C.

Our school was one of the first to receive a superior rating by the regular army inspectors of the 4th Army. One reason behind this rating is the spirit which each boy feels in his individual squad, his company, and his regiment. In an effort to get himself to the top, the cadet tries to get his unit to the top. The other reason was the excellent program and instruction offered by the commandant, Lt. Commander Floyd R. Hightower, USNR, the assistant commandant, Col. Instructor Newman F. Casey, and our regular army instructors, Captain Eugene H. Kipp, Master Sergeant Thomas C. Black, and First Sergeant Samuel R. Wederstrandt. Col. Instructor Emerson J. Boroughs developed one of the finest bands in the school's history, and was shown throughout the year at parades and concerts. Due to this combined effort of officers and men, the R.O.T.C. had its most successful year in the corps' history.

The Band leads the way on another Tuesday morning parade.

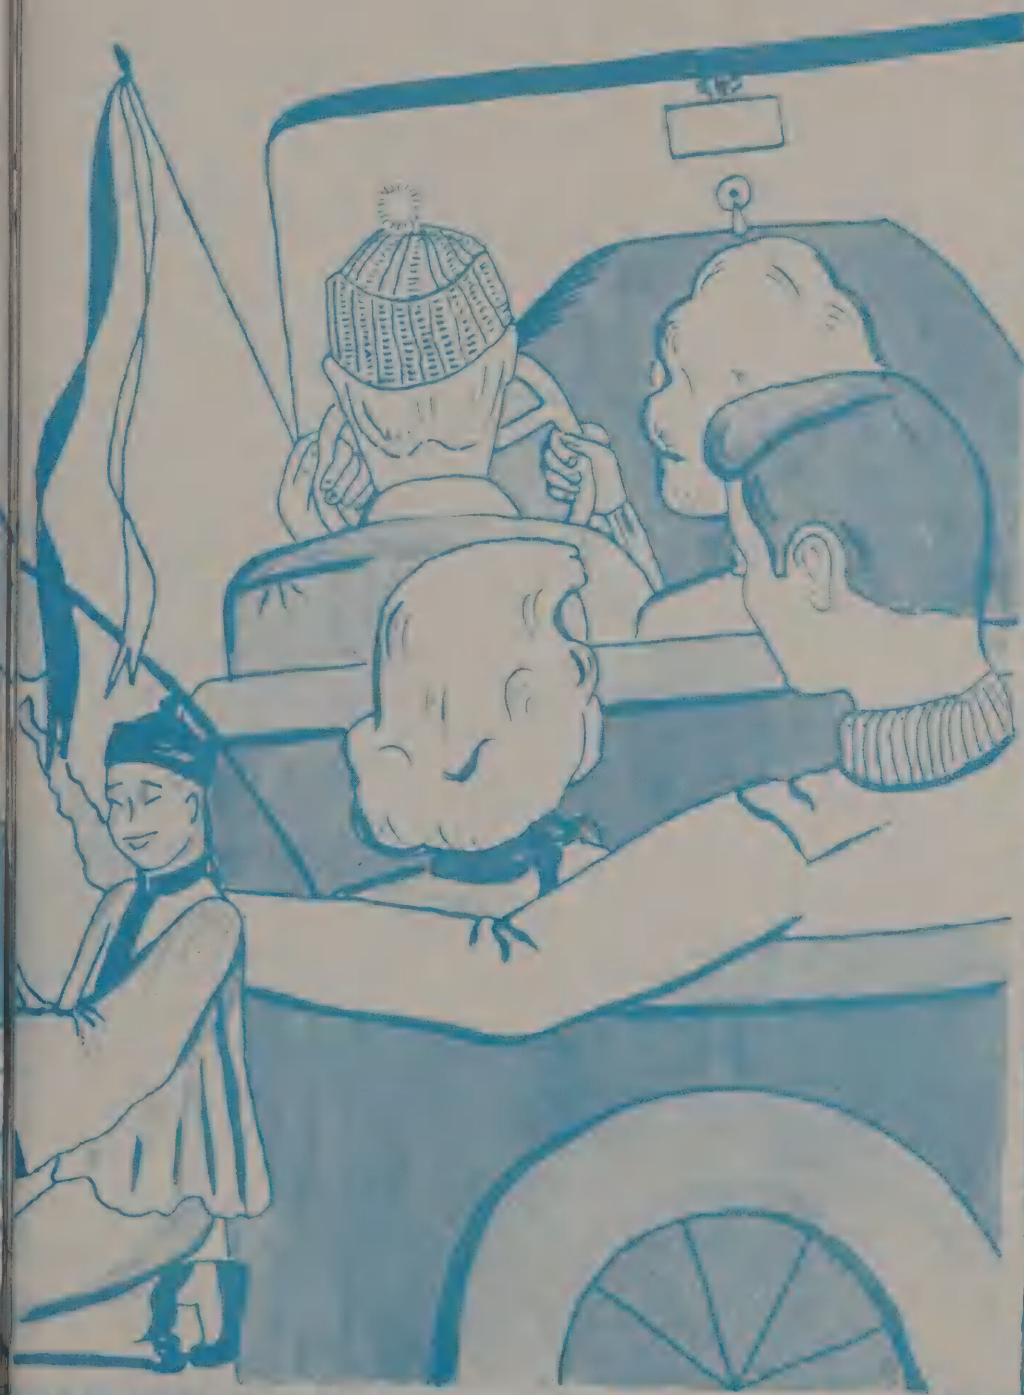

It's been a busy year for the Band members. September was scarcely over before they started off with a solo performance at Hensley Field on Air Force Day. Next they were chosen by the TMEA regional committee to participate in the Band Festival with seventeen other bands at the State Fair.

They trod the Cotton Bowl turf twice more—as guests of the SMU Band and at the Wichita Falls game. Naturally, they didn't miss a Hi Park football game whether it was in Waco or at Highlander Stadium. Those with a vagabond's itchy feet were pleased by trips to Waco, Sherman, McKinney, and Sulphur Springs. Then there was an Armistice Day parade at Sulphur Springs and entertainment by the local American Legion.

Fill in the gaps with assembly concerts at Senior and Junior High, radio broadcasts, pep rallies, ROTC parades, and the Music Festival and you'll see that they did have a pretty busy year.

Yes, it's Barnett Goldberg and Sidney Stahl subbing for the barker at the State Fair.

Bob Kain, Claire Hiet, George Knowles, and Alice Hughes smile at the camera over their cotton candy.

Corny? I know, but their feet really did hurt. Don MacMillan, Jo Ann McClintock, Doris Horner, and Lynn Weaver plainly show that they do.

An unidentified twosome working from both ends of "The Biggest Hotdog in Town."

IN TEXAS' INDUSTRIAL AND AGRICULTURAL DEVELOPMENT

Not too many years ago, the burden of building our great state rested upon the shoulders of strong, sun-tanned Texas pioneers. They fought their way across the vast expanse of plains, overcame mountains of hardships, and by sheer determination, moulded the first form of Texas agriculture.

Texas farming and ranching today provides America with the most varied and nutritious diet in her history... enabling us to feed famished millions the world over... and because of the endless stream of raw materials, jobs are made possible for thousands of men and women in our Texas industries and hundreds across the nation.

The introduction of high-voltage electric power transmission lines by the Texas Power & Light Company in 1913 contributed the vital link needed for the furtherance of industrial and agricultural development. TP&L is farm-experienced and farm-minded. For 35 years Texans have witnessed a continuing demonstration of Texas Power & Light Company's dependability and economy. Today, TP&L is the electric power source to more than 245,000 customers, of whom more than 87,000 are farm and rural families.

More than 15,000 miles of transmission and distribution lines, including 9,000 miles of rural lines, in the area served permit farms, ranches and industries alike, to have dependable, low-cost TP&L electric power when and where they need it.

With the same foresight and careful management demonstrated by those Texans who founded this Company, Texas Power & Light Company is constantly planning and building for the future needs of the farms, homes, businesses and industries that are making Texas the most desirable state in which to live and work... a greater Texas of the future.
